Hosted by: United Cowboys

Project Information (EN)

Curated exhibition and performance program

The jam-packed 9-day, curated exhibition and performance program under the title 'Rough & Ready' consists of a wide range of conceptual work - design, installations, performances - by local and international visiting designers and artists. The works presented at our Arthouse have a strong focus on performativity and audience experience. 'Rough & Ready' encourages individuality and identity within the aim of generosity and solidarity. We, as a performance company, will present relevant work in a night-time program too, inviting and blending design and performance at our Arthouse in the heart of Eindhoven.
