

Brain Bridges

Co-Designing with Children

Co-Designing with Children

Project Information (EN)

The freedom to develop personal interests during childhood can feel limited, because the material culture of childhood is controlled by adults. Children are rarely involved in the design of their toys; they're usually just end users. But doesn't everyone

Projectinformatie (NL)

The freedom to develop personal interests during childhood can feel limited, because the material culture of childhood is controlled by adults. Children are rarely involved in the design of their toys; they're usually just end users. But doesn't everyone
