

Good Design for a Bad World

Dezeen's talk series on the carbon revolution

Hosted by: Dezeen

Project Information (EN)

Welcome to the Carbon Revolution

Coming ahead of the COP26 climate conference in Glasgow in November, the talk builds on Dezeen's pioneering Carbon Revolution editorial series, which presented carbon as a wonder material and explored ways of capturing atmospheric carbon and putting it to use on earth. Speakers include: H       Chartier (C40 Cities) Darshil Shah (Cambridge University) Teresa van Dongen (designer) Marjan van Aubel (designer) This talk is hosted by Marcus Fairs and will be live streamed on Dezeen.com.
