

DDW Talks: Interactive Experiences

How are design and technology fueling new types of experiences?

How are design and technology fueling new types of experiences?

Hosted by: Dutch Design Foundation

Project Information (EN)

Interactive Experiences

As digital technologies advance and become ever more immersive and interactive, design experimentation in the art advances on a big scale. Find out how technology pushes new forms of storytelling, exploring socio-political questions, body and gender identities and historically marginalised voices. Moderator: Oli Stratford | Editor-in-Chief at Disegno Speakers: Gabriel A. Maher | Designer Cream on Chrome | Design Studio Tamara Shogaolu | Ado Ato Pictures Nadine Roestenburg | Programme Manager STRP Programme Thursday 27 October: 09:00 | Doors open at Fifth, The Stage (NRE Terrein, Gasfabriek 5, Eindhoven) 09:30 | Start DDW Talk 11:30 | Stay for coffee, tea and a light lunch at Fifth 12:30 | End programme Good to know: - The DDW Talks include coffee, tea and a croissant during the break and a light lunch - The programme will be spoken in English

About the partners

• STRP STRP explores the relationship between art, technology, and major societal issues with the general public, artists, designers, media makers, and thinkers. The Eindhoven-based organisation starts a dialogue about speculative future scenarios with various events throughout the year and an annual festival in the spring. • Disegno Disegno is an international journal dedicated to long-form writing and photography around design. The journal covers all design fields, exploring the political, social, environmental and industrial impact of the discipline. It is published quarterly. Furniture provided by Sofacompany, additional designs by Pepijn Fabius Clovis, Pepe Valenti and Teun Zwets, facilitated by isola.
