Hosted by: The Rotterdam Connection

Project Information (EN)

The Rotterdam Connection introduces "Any port in a Storm."

Adorned with a meticulously crafted shovel, the Rotterdam Connection* excavated a channel leading to Eindhoven and unearthed the streets of Woensel West, to construct a brand new port in Backyard-S. This autumn they sailed the waves head-on and made their first voyage through the newly forged passage to Eindhoven where they delivered a copious shipment of contemporary goods. Ever since, the cargo has been safely stored away in specified containers. From the 21st till the 29th of October, The Rotterdam Connection opens their port to the public to inspect the wares. Put on those rubber boots, face the storm, and make way to one of our docks.
