TRAVEL TOGETHER THROUGH THOUGHTS IDEAS AND MEMORIES

WEDNESDAY 23rd of OCTOBER 20.00 DOORS OPEN 20.30 START PERFORMANCE FREE ENTRANCE Come with us in this performance that shows the duality of life, how opposites intertwine and connect, and how this creates our existence. Life and death, day and night, technology and tribalism, the circle and spiral of our lives. JOURNEY2.0 asks questions that let us reflect on ourselves as human beings and "human doings"; What's in the past? How to take control? What's on the other side? How do we relate to the world around and in ourselves? This performance is created and directed by Sophie van Grinsven (@triskelioncreativecourses).
