

Objects in Formation

Local Materials, Culture, and Product Possibilities in Taiwan

Hosted by: Industrial Design Development Association of Taipei

Project Information (EN)

Experimentation → Local Materials → Sustainability → Design Translation

1. Experimentation
2. Local Materials
3. Sustainability
4. Design Translation

Material Experimentation / Local Materials

- Material Experimentation

Exploring new possibilities through material processes and experimentation.

- Local Materials

Rooted in local materials, industrial by-products, and craft knowledge in Taiwan.

Sustainability / Design Translation

- Sustainability

Rethinking material life cycles and value through circular approaches.

- Design Translation

Translating materials, local culture, and industrial contexts into new objects and applications.

Projectinformatie (NL)

Experimenteren → Lokale materialen → Duurzaamheid → Designvertaling

1. Experimenteren
2. Lokale materialen
3. Duurzaamheid
4. Designvertaling
