

Re-invented Crafts: A new perspective on Portuguese design

Project Information (EN)

The exhibition *Re-invented crafts* shows the current state of Portuguese design. The six Portuguese designers push the boundaries of the local crafts industry. Two tendencies stand out clearly this year. 3D-printing and computational

Projectinformatie (NL)

De tentoonstelling *Re-invented crafts - a new perspective on Portuguese design*, toont de huidige staat van Portugees ontwerp. Aicep Portugal Global nodigde 6 desginers uit die de grenzen opzoeken van de lokale ambachtsindustrie. De s
