

Buildings As Material Banks - Reversible Experience Modules

Project Information (EN)

Dynamic and flexibly designed buildings, in which materials retain their value for new applications. This is the aim of the EU-funded 'Buildings As Material Banks' project. (www.bamb2020.eu) The **Reversible Experience Modules** (REMs)

Projectinformatie (NL)

Dynamische en flexibel ontworpen gebouwen, waarin materialen hun waarde behouden voor steeds weer nieuwe toepassingen. Dit is het streven van het door de EU gefinancierde 'Buildings As Material Banks' project. (www.bamb2020.eu) De **Re**
