

earrings made of upcycled acrylic glass waste

What once was waste from the production of neon lettering becomes jewellery.

Wat ooit afval was van de productie van neonletters wordt een juweel.

Hosted by: Veronica Antonucci Designstudio

Project Information (EN)

Swiss jewellery and accessory designer Veronica Antonucci began her creative journey highly inspired by the surrealist movement. Constantly diving into life's experiences through lines and textures, she brings her art to life in playful and bold aesthetic

Projectinformatie (NL)

De Zwitserse sieraden en accessoire designer Veronica Antonucci begon haar creatieve reis, sterk geïnspireerd door de surrealistische kunststroming. Door voortdurend in de ervaringen van het leven te duiken met lijnen en texturen, brengt ze haar kunst tot
