

White Hole

Hosted by: ucarrworks & tangiblecoding

Project Information (EN)

“White Hole”'s starting point is pin art that is theoretically independent of space and object. It is a digital art tool that can create three-dimensional relief. This digital tool generates three-dimensional depth perception images from two

Projectinformatie (NL)

Het startpunt van "White Hole" is pinart dat theoretisch onafhankelijk is van ruimte en object. Het is een hulpmiddel voor digitale kunst dat driedimensionaal reliëf kan creëren. Deze digitale tool genereert in echte tijd driedimensionale diepteperceptie
