

What If Lab: Leolux 2030 - Filter Family

What if ... we design our living spaces today according to the needs of 2030?

Hoe ziet onze leefruimte eruit als we die vormgeven volgens onze woonwensen in 2030?

Project Information (EN)

In 2030, we will have to make choices about our living environment. Who do we want to live with in the near future? Which social layers do we add or filter out? How much space do you need for yourself, and what do you share?

Projectinformatie (NL)

In 2030 moeten we keuzes maken over onze leefomgeving. Met wie willen we de komende tijd samenleven? Welke sociale lagen voegen we toe of filteren we juist weg? Hoeveel ruimte heb je voor jezelf nodig, en wat deel je? Leolux en Studio LONK plaatsen b
