

Embassy of Rethinking Plastic

Redesign the production cycle of the world's most reviled material

Anders ontwerpen met 's werelds meest verguisde materiaal'

Hosted by: Yksi Expo

Project Information (EN)

Plastic causes environmental problems, but it also has advantages. It's not black or white. We have to think differently about plastic as a material and deal with it differently. Designers play a crucial role in that necessary change. Plastic is consid

Projectinformatie (NL)

Plastic veroorzaakt milieuproblemen, maar heeft ook voordelen. Het is niet zwart of wit. We moeten anders gaan denken over plastic als materiaal en er anders mee omgaan. Ontwerpers spelen een cruciale rol bij die noodzakelijke omslag. Plastic geldt al
