Project Information (EN)

The world around us is digitising at an ever increasing speed. The corona virus crisis has only accelerated this process. Digitisation is enabling people to connect, via screens and smart devices. Everything seems possible. But how do we cope with intimacy

Projectinformatie (NL)

De wereld om ons heen digitaliseert steeds sneller, versneld door de Corona crisis. Digitalisering stelt ons wel in staat om mensen met elkaar te verbinden, via schermen en slimme apparaten. Maar hoe ontwerpen we die digitaliserende wereld? Hoe zorgen we
