

FIBREWOOD OBJECTS-TIME LAPSE

Hosted by: C-Hub / STUDIO LIM

Project Information (EN)

The plant-based material is characterised by its strength, abundant supply and sustainable features - resilient and tolerant to poor soil and low-water growing condition. We introduced an authentic handcraft tradition by applying lacquer coating to pr

Projectinformatie (NL)

Het plantaardige materiaal wordt gekenmerkt door zijn sterkte, overvloedige aanwezigheid en duurzame eigenschappen - veerkrachtig en tolerant voor slechte bodem en lage waterbehoefte. We introduceerden een authentieke ambachtelijke traditie door lakcoa
