

Reprint Ceramics

A joint initiative by Fabrique Publique and Coudre Studio, supported by the EU WORTH Partnership Project.

Een gezamenlijk initiatief van Fabrique Publique en Coudre Studio, ondersteund door het EU WORTH Partnership Project.

Hosted by: Fabrique Publique and Coudre Studio

Project Information (EN)

With Reprint Ceramics, we would like to: - make products with at least a 50% recycled content; - prove that ceramic production waste (both fired and unfired) can reduce supply chain costs & ecological footprint, and - show that ceramic post-consu

Projectinformatie (NL)

Met Reprint Ceramics willen we: - producten maken met minimaal 50% gerecycled materiaal; - bewijzen dat keramisch productieafval (zowel gebakken als ongebakken) de supply chain-kosten en ecologische voetafdruk kan verminderen, en - laten zien dat keram
