Project Information (EN)

The time has come in which (graphic) designers are playing an important role in rendering ever more complicated information transparent and understandable for a wider audience. However, after rarely seeing successful designs that offer working solutions t

Projectinformatie (NL)

De tijd is aangebroken waarin ontwerpers een belangrijke rol gaan spelen om de steeds ingewikkeldere stroom informatie transparant en begrijpelijk te maken voor een breder publiek. Na het zelden zien van betekenisvolle social design oplossingen, besloot g
