

# HOW (household organic waste), a participatory material

**Hosted by:** Catinca Tilea

## Project Information (EN)

Everybody produces HOW (household organic waste). Let's imagine that HOW is commonly seen as a valuable renewable resource (which it actually is, by the way). And let's imagine we all crowdsource it. In this scenario we have to rethink our relationship an

## Projectinformatie (NL)

Iedereen maakt HOW (huishoudelijk organisch waste). Laten we ons voorstellen dat wij als maatschappij HOW als een waardevolle hernieuwbare grondstof zien. En laten we ons ook voorstellen dat we HOW crowdsourcen. In dit scenario zullen we onze relatie en g
