

Weaving Wearing

Investigations on Whole-Garment Weaving
Onderzoek naar het weven van hele kleding

Hosted by: Maïke Jansen

Project Information (EN)

Weaving Wearing explores the possibilities of jacquard weaving for the purpose of whole garment weaving. By weaving cloth as a double weave, a space in between for the shape of the body is defined already during the weaving process and emphasizes the fund

Projectinformatie (NL)

Weaving Wearing verkent de mogelijkheden van jacquardweven voor het weven van hele kledingstukken. Door doek dubbel te weven, wordt er al ruimte voor de lichaamsvorm bepaald tijdens het weefproces en benadrukt hiermee de fundamentele relatie tussen vorm en
