

GEO—DESIGN: Sand. The Building Block of Modernity

The newest chapter of the GEO—DESIGN exhibition platform, a collaboration between Design Academy Eindhoven and Van Abbemuseum.

Hosted by: Design Academy Eindhoven

Project Information (EN)

Whether we recognise it or not, sand is nothing less than the essential building block of modern civilisation. Sand is all around us: in the buildings we inhabit, in the glasses we wear and the silicone chips in our computers and smartphones. After water,

Projectinformatie (NL)

Of we dit nu herkenbaar vinden of niet, zand is niets minder dan een essentiële bouwsteen van de moderne beschaving. Zand is overal: in het gebouw waarin we wonen, de bril die we dragen en de siliconen chips in onze computer en smartphone. Zand is na wate
