

Sabine Marcelis | Virtual Tactility

How can we translate physical and material tactility into a digital experience? How do we create intimacy and understanding without touch?

How can we translate physical and material tactility into a digital experience? How do we create intimacy and understanding without touch?

Hosted by: Dutch Design Foundation

Project Information (EN)

Sabine Marcelis considers her designs to be true sensorial experiences and not simple static works: the experience becomes the function, with a refined and unique aesthetic. As ambassador of Dutch Design Week, Sabine Marcelis questions how we can still
