

# Materialized

Collective exhibition from biomaterials to sustainable furniture.  
*Collectieve expositie van biomaterialen tot duurzaam meubilair.*

**Hosted by:** Isola Design District

## Project Information (EN)

The future of design can and should be increasingly oriented towards reducing waste and plastics. In this year's exhibition at Dutch Design Week, we want to highlight Isola Design Community's vision, with a curated path through research projects on biomat

## Projectinformatie (NL)

De toekomst van design kan, en moet, steeds meer gericht zijn op het verminderen van afval en plastic. Met de Materialized expositie toont Isola Design District de visie van haar internationale design community op Dutch Design Week. Een gecureerd pad leid
