Project Information (EN)

Humans and machines are increasingly working together and merging with each other. Think of the technology we use to perform better, become more beautiful or delay death. Cryonics, botox injections, chips under the skin, drugs for the body, pills for the

Projectinformatie (NL)

Mensen en machines werken steeds meer samen en versmelten met elkaar. Denk aan de technologie die we aanwenden om beter te kunnen presteren, mooier te zijn of, nooit te hoeven sterven. Botoxinjecties, chips onder de huid, drugs en pillen, tot en met proth
