

Creative Ecosystem Acceleration by Urban Mill

Teams are brought into a holistic Creative Ecosystem Acceleration process, which collides startups with creatives and facilitates their co-evolution.

Teams worden in een holistisch Creative Ecosystem Acceleration-proces gebracht, dat startups met creatieven in botsing brengt en co-evolutie start.

Project Information (EN)

Creatives often face challenges in building sustainable business models for delivering their competences to the market. On the other hand many startups stick too much to their initial offering concepts and don't use complementary competences when pivoting

Projectinformatie (NL)

Creatieven worden vaak geconfronteerd met uitdagingen bij het bouwen van duurzame bedrijfsmodellen om hun competenties op de markt te brengen. Aan de andere kant houden veel startups te veel vast aan hun oorspronkelijke aanbiedingsconcepten en gebruiken z
