

# European Design Upgrade Hackathon Prototype 2020

This Hack was 2nd stage of our Creative Europe project: Online courses in June-July, hacking in August and then bringing best teams to DDW in October.

*Deze Hack was de 2e fase van ons Creative Europe-project: online cursussen in juni-juli, hack in augustus en vervolgens de beste teams naar DDW.*

## Project Information (EN)

The main objective for European Design Upgrade Hackathon prototype was to co-create a Minimum Viable Product (MVP) of a Design Hackathon which links creatives, designers and startups together. Based on experiences learned from this 18 teams and 30 mentors

## Projectinformatie (NL)

Het belangrijkste doel van het European Design Upgrade Hackathon-prototype was om samen een Minimum Viable Product (MVP) van een Design Hackathon te creëren dat creatievelingen, ontwerpers en startups met elkaar verbindt. Op basis van de ervaringen van de
