

Roofers

"By changing the context of this craft towards interior objects, I offer people direct access to the story of the zinc roofers"

"Door de context van dit ambacht te veranderen naar interieurobjecten, bied ik mensen direct toegang tot het verhaal van de zinken dakdekkers"

Project Information (EN)

'Roofers' is a tribute to the craftsmanship of Parisian zinc roofers, who work in a centuries-old tradition. In the center of Paris, 70 percent of the roofs are covered by zinc. The roof workers have to fit every piece of zinc by hand to the many corners

Projectinformatie (NL)

"Roofers" is een eerbetoon aan het vakmanschap van Parijse zinken dakdekkers, die werken in een eeuwenoude traditie. In het centrum van Parijs is 70 procent van de daken bedekt met zink. De dakwerkers moeten elk stuk zink met de hand monteren op
