

the Alliance of Common Waters

“Could the small-scale practice of community gardens be the blueprint for a large global problem?”

“Could the small-scale practice of community gardens be the blueprint for a large global problem?”

Project Information (EN)

The international waters are the only space on earth open to all. Yet we use the oceans as a waste dump, while over-fishing their resources. This issue is known as the Tragedy of the Commons: a scarce resource that is a common good will end in over consum

Projectinformatie (NL)

The international waters are the only space on earth open to all. Yet we use the oceans as a waste dump, while over-fishing their resources. This issue is known as the Tragedy of the Commons: a scarce resource that is a common good will end in over consum
